GEOLOGY OF THE FINGER LAKES LECTURE

Join the Historical Society and the Finger Lakes Boating Museum for a evening lecture on the geology of the Finger Lakes 7:00 pm, Thursday, June 16th at the Human Service Building in Montour Falls.

Pete Robbins, a retired Earth Science teacher and Superintendent of Haverling Central School, will discuss the unique and fascinating development of the Finger Lakes Region.

This program is free to attend.

Donations are welcome.

For more information visit: FLBM.ORG

The Moose Benefit Breakfast was a great success.

Thank you to everyone who came out and had breakfast or volunteered. This fundraising event helps the Society with our mission to preserve, interpret, and share Schuyler County history.

Don't Miss the Bus!!!

Wednesday, July 20, 2016

We're joining with the Yates History Center and taking a bus trip to the Susan B Anthony Museum and House in Rochester, New York.

The bus will leave from Watkins Glen at 9:00am with a pick up in Penn Yan at 9:45am. We will arrive at the Susan B. Anthony

House at 11:00am where we will enjoy a docent-led tour. After touring we will have lunch in the air conditioned carriage house. No museum trip would be complete without a visit to the museum gift shop. We will leave at 2:00pm and return to Penn Yan at 3:15 and Watkins Glen at 4:00. If you are a member of either the Schuyler or Yates Societies, the price is \$60, non-member \$65. The fee includes comfortable transportation on a small size bus, museum entrance, and lunch. Reservations are required by July 11th, due to the limited seating on the bus and to ensure a quality tour with plenty of opportunity to view the museum and engage the docent in conversation.

Call or email the museum today to reserve your spot!

Nancy Musser Volunteer of the Year Award Goes to David Lisk

With great pleasure the Society president, Jean Hubsch, honored David Lisk as the volunteer of the year at the Society's annual meeting in April. David has been instrumental in the many repairs and updates of the Brick Tavern Museum. From creating UV protective storm windows to installing the HVAC unit on the second floor, David has been taking care of the museum building. Mr. Lisk has also taken time to care for the stories of our Schuyler County families. Recently he has been adding the newspaper stories of military men and women returning from WWII to the family Surname files. The museum and the Society are so grateful for David Lisk's dedication and hard work.
